## WORK EXPERIENCE

### Working student commissioning

#### LIDL GmbH (No References Available)

📅 Mar 2020 - Nov 2021

📍 Herne, Germany

- I recorded and computed customer inventory data for goods and merchandise using the LIDL Pick software, helping to ensure that deliveries from the warehouse to the various LIDL stores in NRW were made on time.

### IT/ATM-banking support

#### Zenith bank Plc

📅 Sept, 2010 - Oct, 2017

📍 Lagos, Nigeria

- Educating over 30 to 40 customers daily on how to use the bank's mobile app and website securely thus increasing the usage rate at the branch level.
- Helping customers to access online support channels, thus decreasing the backlog for online/web service problems.
- Adhering to and supervising ATM policies in the branch led to increased compliance by staff and customers, and also reduced audit problems.
- Utilizing Zenith's intranet software module to provide troubleshooting solutions for ATM technical and cash debit disparities, card-related problems and KYC verification, resulting in overall daily effectiveness of ATM operation at the branch level.

## Projects

### Collaboration/Training (CareerFoundry, Berlin)

- Developed various SPA and PWA applications using technology stacks such as HTML, CSS, JavaScript, React, etc. to demonstrate an understanding of cutting-edge IT technologies and their application.
- Met all project deadlines (tasks) by resolving software installation issues through constant documentation and research.
- Utilized design thinking, basic lean concepts, and agile project management tools such as Trello and Kanban to implement business and project goals within my assigned team.
